Question 01 - My Travel Bucket List

My Travel Bucket List

Traveling allows me to explore new cultures and experience different lifestyles. It gives me the opportunity to relax and create unforgettable memories.

Top Places I Want to Visit

1. Japan
 - Tokyo
 - Kyoto
 - Mount Fuji
 - Osaka
2. France
 - Paris
 - Eiffel Tower
 - Louvre Museum
 - Nice

Create a web page titled “My Travel Bucket List” using proper HTML structure and inline CSS styling. Set the background color of the page to light blue. Add a main heading with the text “My Travel Bucket List”, center align it.

Below the heading, add the following paragraph. Apply the following formatting clearly:

"Traveling allows me to explore new cultures and experience different lifestyles. It gives me the opportunity to relax and create unforgettable memories."

Add an image of your most desired travel destination and place the image in the center of the page.

After the image, add a subheading titled “Top Places I Want to Visit” and create an ordered list with at least 3 travel destinations. Change the subheading color of this list to dark red. Create an unordered list of 3 places you would like to visit in that destination.

Question 02 - Different Types of Music Genres

Create a web page titled “**Different Types of Music Genres**” using proper HTML structure and **inline CSS styling**. Set a suitable background color for the entire page and use inline CSS to define the font family and text alignment for the page content.

Add a main heading with the text “Different Types of Music Genres”, center align it, and apply a different color of your choice using inline CSS. Below the heading, include the below introductory. The paragraph should be justified.

“Music genres are different styles or categories of music that help us identify and group songs based on their sound, rhythm, and instruments. Each genre has its own unique characteristics and cultural influence, allowing listeners to explore a wide variety of musical expressions.”

Then create a table with the heading “Different Music Genres”

Genre Name	Description	Sample Video
Pop	Popular music with catchy rhythms and simple melodies.	(sample YouTube video)
Rock	Energetic music featuring electric guitars and strong beats.	(sample YouTube video)
Jazz	Smooth and expressive music with improvisation and complex rhythms.	(sample YouTube video)
