Lab sheet 04

Task: Create a Simple Travel Website

Create a simple website based on the theme “Travel Sri Lanka”. Create a separate CSS file. Center all content on the page and add a background color.

Add a main heading at the top of the page: “*Explore Sri Lanka*”.

Add a short paragraph (4–5 lines) describing Sri Lanka as a travel destination (e.g., beaches, mountains, wildlife, culture)

Create the table below to display travel packages. Use a different background color for the header row.

Travel Packages			
Destination	Activities	Duration	Price
Ella	Hiking	2 Days	\$150
	Train Rides	1 Day	\$80
Yala	Wildlife Safari	1 Day	\$120
	Camping	2 Days	\$200

Create a form titled: “**Book Your Trip**”

Use hover effect on submit button.

Outline the form and have rounded borders using “*border-radius*”.
